Computing and Data Science

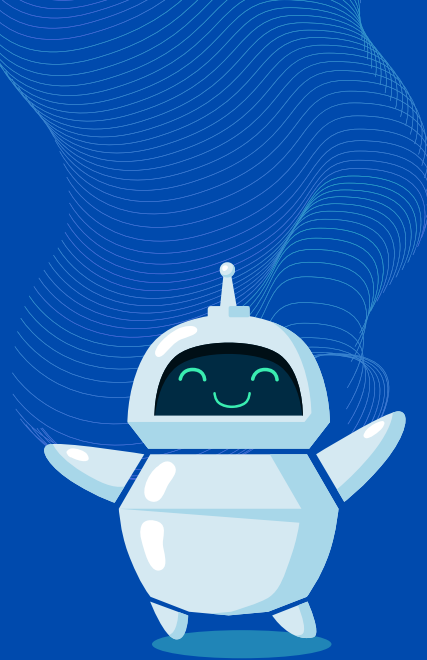

What we offer

- A strong foundational curriculum
- Specialized electives to fit everyone's interests
- Hands-on learning in modern labs
- Support for student activities

Why Choose Us?

- Modern curriculum aligned with industry needs
- Experienced and supportive faculty
- Internship and learning opportunities
- Student activities and clubs

Career Opportunities

Possible career paths include:

- Data Scientist
- Data Engineer
- Data Analyst
- Software Engineer
- Machine Learning Engineer
- AI Engineer
