

# Welcome To English Program ESPS

# Welcome To English Program ESPS

This program aims to offer competitive undergraduate programs taught in English. These programs provide students with a strong foundation in economic theory, political analysis, and quantitative methods, while also addressing contemporary global challenges. Through an interdisciplinary and internationally oriented curriculum, students gain the skills needed to understand, analyze, and shape economic and political developments locally and globally.

□ One of Egypt's oldest and most respected faculties in the fields of economics and political science

□ Strong focus on global issues, international case studies, and exchange agreements with universities abroad

□ Designed to meet international academic standards and facilitate global career mobility

## Why Study Economics or Political Science at Alexandria University?

□ Situated in the heart of Alexandria, providing a vibrant academic and cultural environment

□ Practical Learning: Emphasis on research, and participation in simulations models

# Our Programs

A young woman wearing a blue hijab and a beige uniform is sitting at a desk, focused on writing in a notebook with a pencil. In the background, a male student in a green shirt is also writing, and a teacher is partially visible on the left, pointing at a whiteboard. The scene is set in a bright, modern classroom.

# Bachelor of Economics -Minor in Political Science

Economics helps understand current events, analyze policy decisions, and make informed financial and Investment choices. We offer a broad range of theoretical and analytical courses
